## **Section 1. Fee Charging Provisions**

- 1.1.** This document sets out the size of fees for the services provided by the Moscow Exchange in accordance with the Listing Rules applied by Public Joint-Stock Company Moscow Exchange MICEX-RTS (hereinafter, the Listing Rules, the Exchange).
- 1.2.** For the purposes of these Fee Rates:
- the services of inclusion (the listing level change) of securities shall mean inclusion (the listing level change) of securities in the List of Securities Admitted to Trading at the Moscow Exchange (hereinafter, the List), including due diligence of securities;
  - the securities maintenance services shall mean maintenance of securities on the List.

All terms and concepts used in these Fee Rates shall have the meanings ascribed to them in the federal laws of the Russian Federation, the Bank of Russia regulations, other statutes and regulations of the Russian Federation and the Listing Rules, also taking into account the transitional provisions and their respective application periods as set out in Article 25 of the Listing Rules.

- 1.3.** Fees shall be set in roubles, VAT shall not apply.
- 1.4.** Fees for specific services shall be charged separately in respect of each issue of each kind (type, class) of securities (if applicable), unless these Fee Rates provide otherwise.
- 1.5.** The amounts of fees established herein shall be rounded to single roubles (rounding shall be made in accordance with the mathematical rounding rules, so that an integer rouble(s) value shall remain unchanged if the first digit after that being rounded is 0 to 4, but shall change, increasing by 1, if the first digit after that being rounded is 5 to 9).
- 1.6.** For the purposes of calculating the amount of fee to be calculated on the basis of a foreign currency value, the foreign currency shall be translated into roubles at the Bank of Russia exchange rate, and if no such official exchange rate is available, at the respective currency to rouble cross-rate. Such calculation shall be performed as of the invoice date.

## **Section 2. Size of Fee**

Applicable abbreviations:

- DR – foreign depositary receipts that represent a certain kind (type) of securities (shares, or bonds);
- RDR (including exchange-registered RDR) – Russian depositary receipts that represent a certain kind (type) of securities (shares, or bonds);
- SMB – subfederal and municipal securities;
- UF/ETUF/ETF – unit fund / exchange-registered unit fund / foreign exchange-registered fund;
- MPC – mortgage participation certificates.

**INCLUSION AND MAINTENANCE: SHARES (DR, RDR)**

**2.2.1** Specific features of fee calculation for share (DR) maintenance services:

- an appropriate coefficient shall be applicable to the calculated amount of fee for issuers with a certain index of disclosure violations in the circumstances referred to in Clause 2.18 hereof;
- for the purposes of these Fee Rates, capitalisation shall be defined as market capitalisation of shares (DR) of a certain type, calculated at the price determined in the manner prescribed by the Listing Rules, using the latest calculated price or another technique prescribed by the Exchange and disclosed via the Exchange’s website;
- the latest calculated price shall be as follows:

(1) – for shares (DR) of Russian issuers, the price determined by the Exchange on the first trading day of the year in respect of which the fee is charged. If no such price was calculated by the Exchange on that day, the latest calculated price shall be that determined by the Exchange on the nearest trading day preceding that date, but no more than by a quarter;

(2) – for shares (DR) of foreign issuers, the price determined by the Exchange on the last trading day of the year preceding that in respect of which the fee is charged. If no such price was calculated by the Exchange on that day, the latest calculated price shall be that determined by the Exchange on the nearest trading day preceding that date, but not more than by a quarter. If no such price was calculated by the Exchange, the latest calculated price shall be the closing price calculated by any foreign stock exchange (chosen at the option of the Exchange), with closing taking place on a day preceding the indicated date by not more than a quarter;

(3) – for cases when the maintenance service is invoiced simultaneously with the share (DR) inclusion (listing level alteration) service the latest calculated price is the price determined by the Exchange on the trading day preceding the date of the share (DR) inclusion (listing level alteration). If such price was not calculated by the Exchange on this day, the latest calculated price is the price determined by the Exchange on the nearest trading day preceding the specified date, but not more than by a quarter, taking into account the peculiarities provided for the shares (DR) of foreign issuers in Sub-Clause (2) of the present Clause.

## SPECIFIC FEATURES OF FEE CHARGING

**2.15.** The following specific features shall characterize securities inclusion, maintenance and placement fees charging:

2.15.1. No fee shall be charged for securities inclusion and maintenance services in Level Three under the circumstances referred to in Federal Law dated 22.04.1996 No. 39-FZ *On the Securities Market* and the Listing Rules, whereby securities are listed without a contract with the issuer of securities.

2.15.2. No fee shall be charged for inclusion and maintenance services, nor for placement services in respect of federal government securities.

2.15.3. The fee referred to herein shall not be charged where the Exchange lists securities issued by itself.

2.15.4. No fee shall be charged for the services of maintaining securities at Level Three if the securities (other than bonds in respect of which a listing service agreement was entered into with the issuer) were included in the Schedule of Non-Listed Securities or the Securities Admitted to Placement section as of 29.09.2013, and no change of the listing level has occurred in relation thereto, or the securities (other than bonds in respect of which a listing service agreement was entered into with the issuer) were moved to the Schedule of Non-Listed Securities and the Securities Admitted to Placement section as of 08.06.2014.

2.15.5. If agreements (contracts) are entered into based on the outcomes of procurement or placement of an order, fees envisaged herein shall be charged taking into account the specific features referred to in the laws of the Russian Federation.

2.15.6. The fee for the services of inclusion and maintenance, as well as for the services of placement of bonds issued by Category A Trading Members of the Moscow Exchange shall be covered by the Placement-Fixed Tariff as set out in the Regulations on Fee Rates Charged from Trading Members in the Equity & Bond Market and Deposit Market of Public Joint-Stock Company Moscow Exchange MICEX-RTS.

**2.16.** The size of fee for the services of **inclusion and maintenance** of securities **in the Premium segment** shall be as follows:
