

## **APPROVED**

Order No. МБ-П-2020-2831

Dated 03 November 2020

## **TARIFFS FOR MOSCOW EXCHANGE INFORMATION AND IT SERVICES**

These are tariffs charged by Moscow Exchange for its services provided under information technology service agreements (the "ITS Agreement"), MOEX co-location service agreements (The "Co-location Agreement") as well as for information services provided under information service agreements (the "Information Service Agreement").

The Tariffs are also applied to specific agreements under which the Technical Center provides services set out in the ITS Agreement (the "Agreements").

Terms used in these Tariffs have meaning ascribed to them in Russian law, Information Technology Services Terms, Co-location Agreements, Information Service Agreements and Moscow Exchange Market Data Policy.

Moscow Exchange can unilaterally change the Tariffs, including adjust them annually at the inflation rate calculated by a competent government agency.

Unless an ITS Agreement and/or Co-location Agreement and/or Information Service Agreement and/or Agreement provides for otherwise, the Tariffs are applied as per amounts and timings indicated in this document.

MOEX charges monthly fees for information and IT services unless these Tariffs set out otherwise.

Tariffs for resident of the Russian Federation are in RUB. Tariffs for non-residents are in EUR or USD. The Tariffs are exclusive of VAT which is charged in cases and according to the procedure set out in Russian law.

## I. Service and software fees

### 1. Dedicated access server

Service	Registration fee (RUB)	Monthly fee (RUB)
Access server FORTS	40,000	30,000
Access server	3,000	6,000

Device maintenance for remote connection to the Technical Center network (after 1 January 2021)	7,000	7,000
<b>Universal Scheme</b>		
Basic (no reserve) (before 1 January 2021)	-	6,000
Basic (no reserve) (after 1 January 2021)	-	7,000
Redundant (full automatic reserve) (before 1 January 2021)	-	12,000
Redundant (full automatic reserve) (after 1 January 2021)	-	14,000

#### 9.1 VPN

Service	Registration fee (RUB)	Monthly fee (RUB)
VPN	4,500	4,500

Note:

The fees are per connection. The service is terminated as from 1 January 2021, the last day the service is provided, is 31 December 2021.

#### 10. Co-location service

Nº	Service	Measure	One-off payment (RUB)	Monthly fee (RUB)
1.	Installation of the Client's equipment in a shared rack. Amount calculated per unit of the Client's equipment, using one of the following:			
	1.1. number of units taken by one piece of the Client's equipment. Calculated if electric output of the power unit that feeds one unit of the Client's equipment does not exceed 500 W per unit of space taken by one piece the Client's equipment.	One unit	10,000	20,000

	Price quoted for one (1) unit taken by the Client's equipment.			
	1.2. electric output of the power source that feeds one piece of the Client's equipment. Calculated if the value is above 500 W of electric output of the power unit that feeds one unit of the Client's equipment, converted per one piece the Client's equipment. Price quoted for each 500 W of electric output of the power source for one piece of the Client's equipment. Every incomplete 500 W of electric output are assumed as 500 W for the purposes of calculation.	500 W	10,000	20,000
2.	2.1. Installation of the Client's equipment in a dedicated rack. Electrical power limit is 6 kW.	Up to 6 kW	260,000	260,000
	2.2. Changing the electrical power limit of a dedicated rack to 7 kW	Up to 7 kW	-	50,000
3.	Connection of global positioning systems receiving device (GPS, GLONASS) Per 1 connection	One connection	50,000	50,000
4.	Reservation of dedicated rack for up to 3 months	One rack	-	30,000
5.	Storage of materials in individual safe box	One box	-	5,000
6.	Additional IP addresses with the telecom provider's space to connect to MOEX's trading platform, also with the aim to receive reserved multicast data*	2 IP	1,000	1,000
		16 IP	5,000	5,000
7.	X-connect with an option to choose cable type. Per connect*	Copper Fiber	5,000	12,000
				50,000
8.	Connection between the client equipment and the accredited telecom provider with an option to choose cable type. Per connect*	Copper Fiber	5,000	12,000
				50,000

\* The services in lines 6, 7 and 8 are terminated as from 1 January 2021; the last day the services are provided is 31 December 2021.

#### 11. Provision of data on indicative margin rates for securities

Service	Registration fee (RUB)	Monthly fee (RUB)	
Provision of indicative margin rates for securities	-	Fee schedule	
		1	32,333.33
		2	35,583.33
		3	42,083.33

		4	61,583.33
		5	76,208.33
Adding 1 (one) security to the CCP NCC permanent list of indicative market rates which are available in the member's personal account area (the "List")*	3,333.33		-
Data on one security*	-	Fee schedule	
		1	391.67
		2	375
		3	358.33
		4	333.33
		5	320.83
Reference margin rate for one security upon request *	500		-

Note:

The registration fee for adding a security to the List is charged if:

At the moment the Client requests the information service to obtain the indicative risk rate, the security is not in the List. The List is available in the member's personal account area.

The services tagged with (\*) may be requested only along with the indicative market rates service.

The client must select the same fee schedules for the service delivering indicative margin rates for securities and the service delivering data on a security.

If the Client opts out of having the security in the List within one calendar month, the fee is charged in full. Upon the end of the month, the client pays for the services actually provided. The total fee is calculated as follows:

$$Fee + P \times k_{acc} + 3,333.33 \times k_{new} + 500 \times k_{urg}$$

$Fee$  – the monthly fee,

$P$  – the payment for data on indicative margin rates on one security;

$k_{acc}$  – the number of securities for which the indicative margin rates were calculated upon the client's request;

$k_{new}$  – the number of securities added to the List upon the client's request;

$k_{urg}$  – the number of requests for the reference margin rate.

## 12. Provision of indicative risk rates for instruments admitted to trading on Moscow Exchange

Service	Registration fee (RUB)	Monthly fee (RUB)
Distribution of indicative risk rates for instruments and pairs of instruments traded on the FX and Precious Metals Markets	-	6,000
Distribution of indicative risk rates for instruments of the Equity & Bond Market	-	6,000
Distribution of indicative risk rates for instruments of the Derivatives Market	-	6,000
Distribution of indicative risk rates for instruments of the Derivatives Market and relative rates for pairs of instruments of the Derivatives and other markets	-	10,000

### 13. Provision of data on Investment Accounts opened by individuals

Service	Fee schedule	Monthly fee (RUB)	Fee for one request (RUB)
Provision of data on Individual Investment Accounts opened by individuals	1	0	100
	2	100	80
	3	3,100	50
	4	33,100	20
	5	125,000	0

Note:

The Client may request data concerning any number of individuals. The fee for any request is given in the fee schedule. The fee is determined as follows:

$$Fee + P \times kol$$

*Fee* – the monthly fee,

*P* – the fee for a request to find out whether an individual has the IIA;

*kol* – the number of requests.

### 14. Information service Report for Issuers

	Registration fee (RUB)	Monthly fee (RUB)
Report for issuers	-	20,750

## 15. Token services

Token type	Registration fee per token (RUB)	Monthly fee per token (RUB)
Hardware token	1,500	291
Software token	-	291

From 1 June 2020 through 31 December 2020, fees stated in this section are not charged to users which are trading members which have unified technical access through Corporate Marketplace to TC SHS sub-systems of the FX and Precious Metals Markets and/or Deposit Market under the ITS Agreement and ITS Rules, or are authorised to submit and view indicative quotations on MOEX Board.

### Note:

Hardware tokens are delivered by a specialised courier service hired by the Technical Center. The delivery fee is set by the courier service and paid by the client. When accepting the hardware token, the authorised representative of the client must sign a delivery/acceptance statement in 2 (two) copies, one of which is sent to the Technical Center to the address indicated in the Details section of the Agreement.

## II. Tariffs for information services

Contents of the information products:

EQUITIES – trading in equities, fund units and depository receipts on MOEX; all parameters of all equities, fund units and depository receipts traded on MOEX.

Information product	Registration fee	Fee for residents (RUB per month)	Fee for non-residents (USD per month)
Trading results (end-of-day history) for all MOEX markets (daily updates during the subscription period)	-	2,700	90

Trading results for all MOEX markets (archive data)	-	2,700	90
---	---	-------	----

Note:

- The fees are per one access point.
- This service:
  - Provides an additional option for end users to be notified of data updates on the MOEX webserver;
  - Includes trading results regarding boards for qualified investors;
  - Includes anonymised chronological market data for a specified period, except trades in qualified investors boards.

**1.3 Archive data**

Information product		Fee for residents (RUB)	Fee for non-residents (USD)
<b>Written response to a request</b>			
Written response to a request containing up to ten data items (per response including the response without data items (*))		2,900	100
Written response to a request containing more than ten data items (per response)		290	10
All markets	one month	45,000	1,500
	one year	450,000	15,000
One market	one month	15,000	5,00
	one year	150,000	5,000
One instrument	one month	4,500	150
	one year	45,000	1,500
All markets	one month	13,500	450
	one year	135,000	4,500
One market	one month	4,500	150
	one year	45,000	1,500
One instrument	one month	1,500	50
	one year	15,000	500

Note:

- (\*) A data item means the numerical value of a measure of trading results (such as the price, volume, etc.).
- Archive data means market data containing trading results for a certain period, including:
  - a. archives of all trades and orders in the form of a historic log (register) of all trades (anonymous data) and all orders (anonymous data);
  - b. archives of all trades and best bids and offers in the form of a historic log (register) of all trades (anonymous data) and best bids and best offers (anonymous data).

- Archive data is provided to end users for individual use. End users must not distribute archive data received without written consent from the Exchange.
- Archive data on trades and orders is provided in electronic form or is made available for download through authorized (password) access to the MOEX FTP server.

## 2. Market data services for distributors operating in the Russian Federation

### 2.1. Real time streaming data

Information product	Registration fee	Monthly fee (RUB)	
<b>Fixed part of the vendor's monthly fee</b>			
	-	45,000	
<b>Variable part of the vendor's monthly fee (per client fee)</b>			
		Legal entities	Individuals
Equities	-	2,600 / 5,200 (*)	300 / 600 (*)
Bonds	-	2,600 / 5,200 (*)	300 / 600 (*)
Currency	-	2,600 / 5,200 (*)	300 / 600 (*)
Futures and options	-	2,600 / 5,200 (*)	300 / 600 (*)
Repo	-	5,200	600
MOEX on request (**)	-	0.30	0.30
ETS Markets (***)	-	450	300

#### Note:

- The variable fee is charged per access point.
- The fixed fee is payable regardless of whether the vendor has clients (end users), except where a vendor has requested only ETS Markets.
- The per client fee (the variable part of the monthly fee) is payable if the vendor has clients (end users).
- Russian resident clients that meet conditions for the application of market data fees for Russian resident vendors are entitled to discounts in the per client fee effective from 1 February 2021.
