

Top Market Participants Factsheet

1. Top Market Participants – trading members of Moscow Exchange with the largest monthly trading volume of equities, corporate bonds, government bonds, client trading volume and the largest number of clients, and clients of trading members with the largest number of Individual Investment Accounts.
2. Top Market Participants for each month are published at the beginning of the following month. The same conditions apply to all trading members, prior consent from members is not required.
3. The list and structure of Top Market Participants are determined by Moscow Exchange and can be adjusted according to recommendations of Moscow Exchange’s user committees.
4. If some trading members belong to the same group of companies, their figures may be summarized and published under the group umbrella.
5. Historical Top Market Participants data are published on the [Moscow Exchange’s website](#).
